

Self-Fueling & Ramp Safety Online Training

Module 2 – Safety Part 1

Introduction to Safety
Personal Safety & Servicing Dangers
Aircraft Care and Handling
Aircraft Marshaling and Hand Signals
Aircraft Servicing Safety

Module 2 – Safety Part 2

Refueling Safety
Mobile Refuelers
Emergency Procedures
Airport Vehicle Operations
Seasonal Operations
Examination – Safety

Module 3 – General Fuel Servicing

Introduction to General Fuel Servicing

Fuel Products and Aircraft Types
Procedures and Equipment
Examination – General Fuel Servicing

Module 5 – Fuel Farm Management

Introduction to Fuel Farm Management
Routine Fuel farm Management
Advanced Management of Fuel Farms
Management of Refuelers
Examination – Fuel Farm Management

Module 7 – Fire Safety

Introduction to Fire Safety
Recognizing Fires and Extinguishing Agents
Fighting Fires
Minimizing Fire Risk
Examination – Fire Safety

Self-Fueling & Ramp Safety Training Features

- This course does not satisfy the requirements of 14 CFR §139.321(b)(1) through (b)(6) and §139.321 (e)(2) or 14 CFR §139.321(b)(1) through (b)(6) and §139.321 (e)(1). The student will not be provided with Fire Safety certificates – this is a basic safety course, not the FAA Approved training course.
- Modules are pulled directly from the Safety 1st PLST Online Training for consistent training.
- Provides a better understanding of the tasks required to safely fuel aircraft.
