

## eLearning RVSM Maintenance

This eLearning course is designed to support an operator in complying with the requirement of FAR Part 91 Appendix G. By the end of this course, technicians will be able to:

- List the benefits of the RVSM program
- Use the FAA website to keep informed on RVSM relevant issues and updates
- Properly use the RVSM controlling documents and regulations
- Identify RVSM critical components and their function
- Describe the RVSM compliance-to-approval process and the additional maintenance requirements for continued RVSM airworthiness
- State the new maintenance training and documentation requirements related to RVSM
