

**USAIG®**  
UNITED STATES AIRCRAFT INSURANCE GROUP

## Stop by booth #2620 to learn more about USAIG's Safety Programs

USAIG's been an active promoter of aviation safety throughout its 90+ year history as *America's First Name in Aviation Insurance*. Over the last decade its industry-leading Performance Vector safety initiative has been boosting the scope and impact of flight safety programs. We've done this by leveraging our relationships—and directly sharing in the expense—to help policyholders incorporate world-class safety services into their flight operations.

Want to know more about how this can work for you?

**Visit us at booth #2620 between 2-3 pm, Wednesday, October 19.**

Representatives from most providers of USAIG's Performance Vector services will be on hand, as will many of our company leaders, to meet with you, answer questions, and offer advice on how to get the most from USAIG's safety services.

USAIG's Performance Vector safety benefits program is available to policyholders that operate turbine powered aircraft or place multiple policies with USAIG.

We look forward to seeing you in Orlando!

**USAIG NBAA-BACE 2022**

**For Operators of Turbine-Powered Aircraft  
2-3 pm, Wednesday, October 19, Booth 2620
